

DELL™ ULTRASHARP™ U2410 24" W Monitor with PremierColor (24 INCH DIAGONAL VIEWABLE IMAGE SIZE)

ENVISION THE BURST OF OVER A BILLION COLORS ON YOUR 24 INCH WIDESCREEN. BE ENTHRALLED BY THE 1ST DELL MONITOR THAT IS COLOR CALIBRATED AT FACTORY FOR ACCURACY, CONSISTENCY AND PRECISION.

PremierColor is a color technology sub-brand from Dell which encapsulates the key attributes of color such as precise color accuracy, compatibility with industry color standard, user-enabled color adjustments as well as amazing color gamut and depth.

PremierColor is supported on the new U2410 Monitor which is packed with brilliant screen performance and extensive connectivity. This makes the U2410 an ideal digital canvas for discerning enthusiasts and professionals dealing with photography, content-creation, animation, CAD/CAM applications, graphic-arts and web publishing. **Dell UltraSharp U2410 – Uniquely Exquisite.**

PREMIERCOLOR DELIVERS CONSISTENT, ACCURATE AND PRECISE COLOR

- **Factory-tuned AdobeRGB and sRGB to an average $\Delta E < 5$** helps ensure there is no significant onscreen color output variation when content is displayed on the monitor.
- **Wide Viewing Angle (178°/178°) and Superb Greyscale Tracking** minimizes color deviation at biased angles of viewing and ensures ultra-smooth color gradation.
- **Color Calibrated Factory report** provided for each unit shipped helps assure onscreen color is accurate, consistent and precise.

U2410 Color Calibration Factory Report

PREMIERCOLOR IS COMPATIBLE WITH INDUSTRY COLOR STANDARDS

- **Supports and compatible with industry color spaces** which professionals involved in color-centric work use such as AdobeRGB (96% coverage), sRGB(100% coverage) and xvCC compatibility.

PREMIERCOLOR PROVIDES USER-ENABLED COLOR ADJUSTMENTS

- **Dedicated "CustomColor" mode (6-axis Color Control)** for technically savvy users who appreciates some level of customization.

Saturation and Hue can be adjusted. See Image A & B

Image A: Reduced Green Saturation

Image B: Reduced Green Hue

PREMIERCOLOR DELIVERS AMAZING COLOR GAMUT AND COLOR DEPTH

- **Higher color gamut** allows more range of colors to be displayed.
- U2410's **12 bit internal processing** not only helps deliver **1.07 billion colors** resulting in better color details and no loss in tones and hues, it also enables very low greyscale tones to provide greater level of detail in dark areas.

AWESOME FRONT OF SCREEN PERFORMANCE

Ad #: G910008592

- **1920 x 1200 resolution** (widescreen) helps improve productivity by enabling multiple application viewing on one screen.

Improve productivity with side by side viewing

- **16:10 Wide Aspect Ratio** is great for content-creator dealing with graphic layouts and spreads while CAD/CAM engineers would find it simple and easy to work with a 16:10 ratio.

- **Picture-in-Picture/ Picture-by-Picture** feature enables multi-tasking such as checking e-mails while watching your favourite DVD.

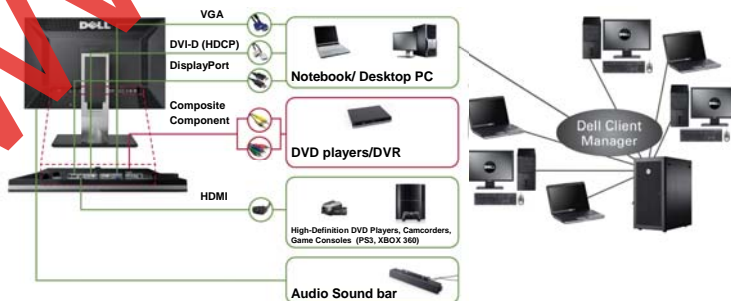

Picture in Picture mode makes Multi-tasking easier

- **Minimal Color Deviation** at all angles of viewing with the adoption of IPS panel for Dell U2410.

EXCELLENT MULTIMEDIA, VIDEO AND GRAPHIC CAPABILITY

- Digital connectivity found in the U2410 helps enhance sound and picture quality.
- **DVI-D(HDCP)** helps to ensure high quality image (reduced jitter) and astounding color uniformity .
- Future-proof your U2410 that incorporates **HDMI™** Technology.
- With **DisplayPort**, there is no loss of quality as content signals are kept digital between connections.
- **Composite and Component** allows connection to other video devices such as game consoles.
- Height-adjustable stand also allows tilt, swivel and pivot adjustability which helps to enable maximum viewing.
- Remote Management enabled, when connected to Dell Client Manager
- Great audio experience with a fashionable sound bar (optional) that connects directly to the back without need for power cord.

PEACE OF MIND WITH PREMIUM PANEL GUARANTEE FOR U2410

- The Premium Panel Guarantee covering all UltraSharp monitors assures users of a replacement UltraSharp monitor should even one bright defective pixel be found on the screen.

Upgrade to the U2410 and get the brilliant screen performance your business deserves.

U2410 with IPS panel

WHY DELL MONITORS?

TECHNOLOGY LEADERSHIP

Dell constantly strives to provide the greatest and latest in display innovations, bringing relevant, customer-driven technology to you for a superb viewing experience.

UNCOMPROMISING VALUE

Dell monitors are designed to exacting quality standards and manufactured by some of the world's foremost suppliers, consistently delivering outstanding performance, quality and reliability.

EXCELLENT RELIABILITY, DURABILITY

Dell monitors undergo exhaustive testing for performance, reliability, durability and compatibility with Dell PC systems, and are tested well past mainstream tolerance limits to ensure they can withstand a wide range of real-world conditions.

WORLD CLASS SERVICE & SUPPORT

Enjoy the exceptional service and support that you have come to expect from the Dell brand. We provide accountability, a single point of contact and the peace of mind of purchasing from a stable and reliable technology partner.

RECYCLING

Dell recommends that customers dispose of their used computer hardware, including monitors, in an environmentally sound manner. Potential methods include reuse of parts or whole products and recycling of product, components and/or materials. For more information, please visit http://dell.com/recycling_programs and www.dell.com/environment
